

**ORNAMENTAL OPPORTUNITY**

# **Environmental Horticulture Ornamentals Program Manager**

**THE IR-4 PROJECT**

The IR-4 Project Environmental Horticulture (Ornamentals) Program Manager position will be tasked with coordinating research and pesticide (bio-based and chemical) registration activities on ornamental plant species in collaboration with IR-4 researchers across the U.S. This position will be based at the IR-4 Headquarters office on NC State University's Centennial Campus.

This is a fantastic career opportunity in ornamental horticulture. We look forward to growing our dynamic team!

**HIRING RANGE: \$115-130K**
